Additional product details

Covered person(s)

The covered person(s) is the owner(s). A joint covered person may be added after issue. The covered person can be changed after issue from single to joint. If joint owners, must be joint covered persons at issue and cannot be changed from joint to single covered person.

Coverage base

Equal to the total contributions and is checked each certificate anniversary for a step-up in value. The step-up increases the coverage base to equal the accumulation value. The step-up continues until the maximum coverage base is reached.

Note: reduced pro-rata for partial withdrawals in excess of the coverage amount, or RMD if greater.

Excess withdrawal

Any withdrawal taken prior to reaching age 60 is an excess withdrawal. Withdrawals in a certificate year taken after age 60 that exceed the coverage amount (or RMD if greater) is an excess withdrawal. Excess withdrawals will reduce the coverage base and the total contributions proportionately, therefore also reduces the fee proportionately.

Maximum coverage base

250% x total contributions

Coverage amount

Annual dollar amount that the owner may take as partial withdrawals from the covered assets over the lifetime of the covered person. For each certificate year(T) = $PP_t \times \text{coverage base}_T$
