General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about any future developments related to Form W-4P, such as legislation enacted after it was published, go to *www.irs.gov/FormW4P*.

Purpose of form. Complete Form W-4P to have payers withhold the correct amount of federal income tax from your periodic pension, annuity (including commercial annuities), profit-sharing and stock bonus plan, or IRA payments. Federal income tax withholding applies to the taxable part of these payments. Periodic payments are made in installments at regular intervals (for example, annually, quarterly, or monthly) over a period of more than 1 year. Don't use Form W-4P for a nonperiodic payment (note that distributions from an IRA that are payable on demand are treated as nonperiodic payments) or an eligible rollover distribution (including a lump-sum pension payment). Instead, use Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions, for these payments/distributions. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Choosing not to have income tax withheld. You can choose not to have federal income tax withheld from your payments by writing "No Withholding" on Form W-4P in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Generally, if you are a U.S. citizen or a resident alien, you are not permitted to elect not to have federal income tax withheld on payments to be delivered outside the United States and its territories.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. If your tax situation changes, or you chose not to have federal income tax withheld and you now want withholding, you should submit a new Form W-4P.

When to use the estimator. Consider using the estimator at *www.irs.gov/W4App* if you:

1. Are submitting this form after the beginning of the year;

2. Have social security, dividend, capital gain, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax;

3. Receive these payments or pension and annuity payments for only part of the year; or

4. Have changes during the year in your marital status, number of pensions/jobs for you (and/or your spouse if married filing jointly), number of dependents, or changes in your deductions or credits.

TIP: Have your most recent payment statements/pay stubs from this year available when using the estimator to account for federal income tax that has already been withheld this year. At the beginning of next year, use the estimator again to recheck your withholding.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you (or you and your spouse) receive. If you do not have a job and want to pay these taxes through withholding from your payments, use the estimator at *www.irs.gov/W4App* to figure the amount to have withheld.

Payments to nonresident aliens and foreign estates. Do not use Form W-4P. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, write "No Withholding" in the space below Step 4(c). See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

Specific Instructions

Submit a **separate Form W-4P** for each pension, annuity, or other periodic payments you receive.

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you have at least one of the following: income from a job, income from more than one pension/annuity, and/or a spouse (if married filing jointly) that receives income from a job/pension/annuity. The following examples will assist you in completing Step 2(b).

Example 1. Taylor, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Taylor also has a job that pays \$25,000 a year. Taylor has no other pensions or annuities. Taylor will enter \$25,000 in Step 2(b)(i) and in Step 2(b)(iii).

If Taylor also has \$1,000 of interest income, which they entered on Form W-4, Step 4(a), then they will instead enter \$26,000 in Step 2(b)(i) and in Step 2(b)(iii). They will make no entries in Step 4(a) on this Form W-4P.

Example 2. Casey, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Casey does not have a job, but receives another pension for \$25,000 a year (which pays less annually than the \$50,000 pension). Casey will enter \$25,000 in Step 2(b)(ii) and in Step 2(b)(ii).

If Casey also has \$1,000 of interest income, then they will enter \$1,000 in Step 4(a) of this Form W-4P.

Example 3. Sam, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Sam does not have a job, but receives another pension for \$75,000 a year (which pays more annually than the \$50,000 pension). Sam will not enter any amounts in Step 2.

If Sam also has \$1,000 of interest income, they won't enter that amount on this Form W-4P because they entered the \$1,000 on the Form W-4P for the higher paying \$75,000 pension.

Example 4. Alex, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Alex also has a job that pays \$25,000 a year and another pension that pays \$20,000 a year. Alex will enter \$25,000 in Step 2(b)(i), \$20,000 in Step 2(b)(ii), and \$45,000 in Step 2(b)(iii).

If Alex also has \$1,000 of interest income, which they entered on Form W-4, Step 4(a), they will instead enter \$26,000 in Step 2(b)(i), leave Step 2(b)(ii) unchanged, and enter \$46,000 in Step 2(b)(iii). They will make no entries in Step 4(a) of this Form W-4P.

If you are married filing jointly, the entries described above do not change if your spouse is the one who has the job or the other pension/annuity instead of you.

Multiple sources of pensions/annuities or jobs. If you (or if married filing jointly, you and/or your spouse) have a job(s), do NOT complete Steps 3 through 4(b) on Form W-4P. Instead, complete Steps 3 through 4(b) on the Form W-4 for the job. If you (or if married filing jointly, you and your spouse) do not have a job, complete Steps 3 through 4(b) on Form W-4P for **only** the pension/annuity that pays the most annually. Leave those steps blank for the other pensions/annuities.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible

Specific Instructions (continued)

in this step, such as the foreign tax credit and the education tax credits. Including these credits will increase your payments and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include amounts from any job(s) or pension/annuity payments. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your pension, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 6, if you expect to claim deductions other than

the basic standard deduction on your 2025 tax return and want to reduce your withholding to account for these deductions. This includes itemized deductions, the additional standard deduction for those 65 and over, and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from **each payment**. Entering an amount here will reduce your payments and will either increase your refund or reduce any amount of tax that you owe.

Note: If you don't give Form W-4P to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer will withhold tax from your payments as if your filing status is single with no adjustments in Steps 2 through 4. For payments that began before 2025, your current withholding election (or your default rate) remains in effect unless you submit a new Form W-4P.

	Step 4(b) – Deductions Worksheet (Keep for your records.)		
1	Enter an estimate of your 2025 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income	1	\$
2	Enter: { *\$30,000 if you're married filing jointly or a qualifying surviving spouse •\$22,500 if you're head of household •\$15,000 if you're single or married filing separately	2	\$
3	If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"	3	\$
4	 If line 3 equals zero, and you (or your spouse) are 65 or older, enter: \$2,000 if you're single or head of household. \$1,600 if you're married filing separately. \$1,600 if you're a qualifying surviving spouse or you're married filing jointly and one of you is under age 65. 		
	• \$3,200 if you're married filing jointly and both of you are age 65 or older. Otherwise, enter "-0-". See Pub. 505 for more information	4	\$
5	Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information		\$
6	Add lines 3 through 5. Enter the result here and in Step 4(b) on Form W-4P	6	\$
